

# Thursday mornings MRes project progress report

PokMan Ho

Date Time: 28-May-2020 09:00

Location: MS Teams

People: James, Samraat, Emma, PokMan

## 1 Topics discussed

1. R vs Julia-py3 using same equation settings
2. py3 initial carbon density scanning

## 2 Consensus

1. set ranges of parameters with solid reasons behind each range
2. get a set of realistic parameters (done) and investigate further into effect of continuous external carbon removal rate
3. analytically scan parameter ranges with different carbon removal rates
